

Mayors Wellness Campaign
Put your community in motion.

479 West State Street, Trenton, NJ 08618 P: 609-393-4953 F: 609-393-8212 mayorswellnesscampaign.org

Welcome to the Mayors Wellness Campaign

Now that your mayor has committed your municipality to participate in the Mayors Wellness Campaign there are two steps to be completed. The first is to catalog each community's existing events, programs and components of the built environment on the website. Each municipality will have an individual page of information and programs on the MWC Website that will be protected by the ID and Password so that you control the content. To provide a baseline for your municipality, please complete the Community Profile below. You may need community colleagues such as the schools, senior center or YMCA to participate in finishing this baseline profile. Some communities are planning to put the survey out on Survey Monkey for completion and will then cumulatively submit electronically. It can be downloaded from the website under resources.

Although providing resources and information to New Jersey's municipalities is the MWC's principle goal, overtime you will be able to communicate with more consumers. They will be using this site to gain information on activities and wellness programs. The MWC website has a county-specific map allowing consumers to first see if their community had committed to participating in the MWC and secondly when they click on a community's name they will be able to see existing programs. In the future, the contact person will be able to post event and program information to the site, serving as effective advertising.

The second step will be to create collaborative groups of municipalities working on the same projects to share learnings and gain from others' experiences. We will be encouraging all new programs to include an evaluation component to measure the effectiveness. The contact person for each municipality will be the point person for all correspondence and offers to participate in the collaboratives. If you are starting any new programs that you would like to include as your municipality's commitment to your Mayor's Wellness Program, please include on the page below and indicate your evaluation strategy.

Municipal Name:

Primary Zip Code:

Municipal Contact person:

Telephone:

Email:

The deadline for submitting the community profile is February 1st, 2007. Completing this profile is the first step in making your municipality eligible for the MWC annual award and grant. Thank you very much for taking the time to complete this profile and contribute to New Jersey's profile of programs to combat obesity by increasing activity. I can be reached at 609-393-4931 with any questions. Please fax the profiles back to 609-393-8212 or email to amcdonald@njhcqi.org

With appreciation,
Ann McDonald

Please check the boxes for any programs that you have had in place during the last 3yrs prior to the Mayors Wellness Campaign? The boxes on the same line describe the sponsors of each program, as there may be more than one in each community. We ask that you tell us about planned programs or events held in your community in addition to the list provided. Feel free to email to amcdonald@njhcqi.org
