

Mayors Advisory

June 27, 2011

Dear Mayor:

Re: Complete Streets and Safe Routes To School Workshops

Join leaders in sustainable transportation at a workshop in either south, central or northern New Jersey to learn more about successful efforts to pass Complete Streets policies and implement Safe Routes to School programs. These low cost initiatives can help you earn points towards Sustainable Jersey certification, and provide healthy options for active transportation in your community.

Each workshop will highlight basic policy principles, potential resources and local case studies.
Follow the link below each date to sign up for the workshop you would like to attend.

July 14 in "West Quad" -- Room WQ103, Richard Stockton College from 1:00 p.m. - 3:30 p.m.

Park in Lot #4. Walk towards the brick building which is to the left of the new Campus Center and it will say "West Quad" above the doors. Enter through the main doors into the rotunda. On the left will be a hallway. WQ103 is the first room on the left in that hallway.
